1. CITY STRATEGIES AND PERFORMANCE MANAGEMENT DEPARTMENT
   TABLING OF THE CITY OF TSHWANE'S 2014/15 INTEGRATED DEVELOPMENT
   PLAN (IDP) REVIEW
   (From the Special Mayoral Committee: 19 May 2014)

1. PURPOSE

   To table the City of Tshwane reviewed 2014/15 Integrated Development Plan and
   Service Delivery and Budget Implementation Plan (SDBIP) to Council as part of the
   suite of documents that supports the 2014/15 MTREF in terms of section 15(2) of
   the MFMA and Section 34 of the MSA for approval.

2. STRATEGIC OBJECTIVES

2.1 PROMOTE GOOD GOVERNANCE AND ACTIVE CITIZENRY

3. BACKGROUND

   In 2011 the City adopted its 2011/16 IDP which intended to provide strategic
   direction and operational planning for the City for the current term of office. In line
   with the provisions of the legislation as discussed below and to address emerging
   developments as they relate to the approved 2011/16 IDP, the 2014/15 IDP
   revision is tabled to Mayoral Committee for recommendation to Council for
   Approval.

   The Constitution commits government to take reasonable measures, within its
   available sources, to ensure that all South Africans have access to adequate
   housing, health care, education, food, water and social security.

   In order to realise the above, the Chapter 5 of the MSA states that a municipality
   must undertake developmentally oriented planning, in the form of integrated
   development planning, to ensure that it achieves the objects of local government as
   set out in the Constitution. It must further give effect to its developmental duties as
   required by Section 153 of the Constitution.

   Section 34 of the MSA makes provision for the amendment/revision of the approved
   municipal IDP. This IDP review is in line with this provision.

   Furthermore, Chapter 4 of the Municipal Systems Act describes the process to be
   followed directly after tabling the annual budget, the IDP and supporting
   documents.

   It requires municipalities to make the documents public; invite the local community
   to submit representations; and requires the submission of the documents to the
   National Treasury and the relevant provincial treasury, to other organs of state and
   to other municipalities. This has taken place and comments received have been
   considered in the final reviewed IDP
The process of integrated development planning strives to systematically and transparently find acceptable solutions within given time frames regarding allocating resources to service delivery. Local municipalities use integrated development planning as a tool to plan future development in their areas in a sustainable manner. In terms of Section 152 of the Constitution the objectives of local government are:

a. To provide democratic and accountable government for local communities;
b. To ensure the provision of services to communities in a sustainable manner;
c. To promote social and economic development;
d. To promote a safe and healthy environment; and

The table below outlines the progress against the process plan approved by Council in August 2013 that guides the development of the draft IDP 2013/16.

4. DISCUSSION

4.1 SUMMARY OF INPUT RECEIVED AS PART OF PUBLIC PARTICIPATION ON THE DRAFT IDP 2014/15

Section 16(2) of the MFMA requires the Executive Mayor to table the IDP and Budget at a Council meeting at least 90 days before the start of the budget year. The intention of tabling these documents in advance it to allow for comment by stakeholders and local communities. This took place on 27 March 2014.

The tabling of the Draft IDP was followed by public consultation meetings (outreach sessions) with stakeholders to strengthen the principles of people-centered governance, transparency and accountability.
