## CHAPTER 1: INTRODUCTION AND OBJECTIVE OF THE STUDY

1.1 INTRODUCTION ............................................................. 1

1.2 BACKGROUND ................................................................. 2

1.3 OBJECTIVE OF THE STUDY .................................................. 4

1.4 OUTLINE OF THE STUDY ..................................................... 5

## CHAPTER 2: RESEARCH METHODOLOGY

2.1 INTRODUCTION ................................................................. 6

2.2 HOUSEHOLD SURVEY RESEARCH METHODOLOGY ............................ 6

2.2.1 Survey population ........................................................... 6

2.2.1.1 Sample units ............................................................... 6

2.2.1.2 Sample elements ............................................................ 7

2.2.1.3 Survey areas ............................................................... 7

2.2.2 Household sample plan design ........................................ 11

2.2.2.1 Sampling methodology .................................................. 11

2.2.2.2 Sample size ................................................................. 12

2.2.2.3 Sample selection procedure .......................................... 12

2.2.3 Data collection methodology .......................................... 14

2.2.4 Research instrument ...................................................... 15

2.2.5 Fieldwork ..................................................................... 17

2.2.6 Number of questionnaires returned .................................. 18

2.2.7 Coding, data capturing and tabulation ................................ 19

2.2.8 Validity of results ......................................................... 19

2.2.8.1 Sampling errors ............................................................ 19

2.2.8.2 Interviewer errors ......................................................... 20
### Table of Contents

#### 2.2.8.3 Reporting errors ................................................................. 20

2.3 BUSINESS SURVEY RESEARCH METHODOLOGY .................. 20

2.3.1 Sample plan design ........................................................................ 20

2.3.1.1 Business sample population ..................................................... 20

2.3.1.1.1 Sample units ..................................................................... 21

2.3.1.1.2 Sample elements ............................................................... 24

2.3.1.1.3 Survey areas ..................................................................... 24

2.3.1.2 Sampling methodology .............................................................. 25

2.3.1.3 Sample size ............................................................................ 25

2.3.1.4 Business survey data collection methodology ....................... 26

2.4 EMBASSY SURVEY RESEARCH METHODOLOGY ..................... 26

2.4.1 Research design for embassy survey .......................................... 27

2.4.2 Sampling plan for embassy survey ............................................. 27

2.4.3 Data collection method for embassy survey ............................... 27

2.5 FOCUS GROUP DISCUSSIONS ......................................................... 27

2.6 CONCLUDING REMARKS ............................................................... 28

CHAPTER 3: FINDINGS OF THE HOUSEHOLD SATISFACTION SURVEY

3.1 INTRODUCTION ............................................................................. 32

3.2 TYPOLOGY OF THE HOUSEHOLD SAMPLE ................................. 32

3.3 GENERAL PERCEPTION OF THE CoT ........................................ 35

3.3.1 Level of satisfaction with regard to current service delivery ........ 35

3.3.2 Change in service performance levels ........................................ 37

3.3.3 Confidence in the CoT as a city .................................................. 39

3.4 DEVELOPMENT CHALLENGES OF THE CoT .............................. 40

3.5 CORE HOUSEHOLD SERVICES ....................................................... 46

3.5.1 Electricity .................................................................................. 46

3.5.1.1 Electricity meter readings ...................................................... 47

3.5.1.2 Electricity service providers ................................................ 48

3.5.1.3 Pre-paid electricity meters .................................................. 49
3.5.2 Refuse collection/waste removal ........................................... 51
3.5.3 Neighbourhood roads ............................................................ 53
3.5.4 Sanitation/waste water/sewerage .......................................... 54
3.5.5 Stormwater drainage/flooding ............................................... 55
3.5.6 Water provision .................................................................... 57

3.5.6.1 Water meter readings ....................................................... 58
3.5.6.2 Pre-paid water meters ..................................................... 59

3.5.7 Street/public lights ................................................................ 61
3.5.8 Overview of basic services ................................................... 62

3.6 MUNICIPAL TARIFFS/RATES ..................................................... 63

3.6.1 Electricity tariffs .................................................................... 63
3.6.2 Pre-paid electricity tariffs ..................................................... 64
3.6.3 Property rates ....................................................................... 65
3.6.4 Water tariffs ......................................................................... 65
3.6.5 Pre-paid water tariffs .......................................................... 66
3.6.6 Refuse removal ..................................................................... 67
3.6.7 Sanitation tariffs ................................................................... 67
3.6.8 Waste removal tariffs ........................................................... 68
3.6.9 Bus tariffs ............................................................................ 69
3.6.10 Overview of satisfaction with tariffs/rates ............................. 69

3.7 MUNICIPAL COMMUNITY SERVICES ....................................... 70

3.7.1 Community halls/recreation centres .................................... 71
3.7.2 Fire and rescue services/fire brigade .................................... 72
3.7.3 Emergency medical and ambulance services ....................... 74
3.7.4 Municipal bus service .......................................................... 75
3.7.5 Municipal cemeteries ............................................................ 77
3.7.6 Municipal clinics .................................................................. 79
3.7.7 Municipal hospitals ............................................................. 81
3.7.8 Municipal museums ............................................................. 82
3.7.9 Municipal theatres ............................................................... 83
3.7.10 Pretoria National Zoo .......................................................... 83
3.7.11 Parks ................................................................................ 84
3.7.12 Pavements/pedestrian walkways ......................................... 86
3.7.13 Public libraries .................................................................... 87
3.7.14 Public sports facilities ....................................................... 88
3.7.15 Municipal public toilets ..................................................... 89
3.7.16 Garden refuse sites ............................................................ 90
3.7.17 Municipal taxi ranks ........................................................... 91
3.7.18 Informal trading facilities .................................................. 92
3.7.19 Public swimming pools ..................................................... 93
3.7.20 Recreation resort/nature conservation areas (reserves) .......... 94
3.7.21 Licensing: Learner’s driver’s licence .................................... 95
3.7.22 Licensing: Driver’s licence (applications/renewals) ........................................... 96
3.7.23 Waste removal ........................................................................................................ 97
3.7.24 Emergency/disaster management .......................................................................... 98
3.7.25 Street sweeping and litter control ........................................................................... 99
3.7.26 Traffic lights/signals ................................................................................................ 100
3.7.27 Grass cutting ............................................................................................................ 101
3.7.28 Road maintenance (repairs, signage, markings, speed bumps) ............................ 102
3.7.29 Street trees ............................................................................................................. 103
3.7.30 Government/social housing (low-cost housing) ..................................................... 103
3.7.31 Overview of satisfaction levels for community services ......................................... 105
3.7.32 Utilisation levels ..................................................................................................... 107

3.8 SATISFACTION WITH PUBLIC SAFETY .................................................................. 111

3.8.1 Living in Tshwane .................................................................................................... 112
3.8.2 Tshwane after dark .................................................................................................. 113
3.8.3 Own neighbourhood safety ..................................................................................... 114
3.8.4 Safety in Inner City (CBD) ....................................................................................... 115
3.8.5 Safety: Travelling on public transport ................................................................... 115
3.8.6 Safety: CoT offices .................................................................................................. 116

3.9 SATISFACTION WITH BY-LAW ENFORCEMENT SERVICES .............................. 117

3.9.1 Building control/control of illegal uses ..................................................................... 118
3.9.2 Control of illegal squatting/occupation .................................................................... 118
3.9.3 Control of land invasions ........................................................................................ 119
3.9.4 Control of illegal street/intersection trading ............................................................. 120
3.9.5 Control of illegal dumping ....................................................................................... 121
3.9.6 Control of illegal water connections ........................................................................ 122
3.9.7 Control of illegal electricity connections .................................................................. 123
3.9.8 Control of visual environment .................................................................................. 124
3.9.9 Control of building/construction rubble ................................................................... 125
3.9.10 Noise control .......................................................................................................... 126
3.9.11 Overview of by-law satisfaction ratings .................................................................. 127

3.10 SATISFACTION WITH PUBLIC SAFETY ............................................................... 128

3.10.1 Traffic control ......................................................................................................... 129
3.10.2 Crime prevention ................................................................................................... 130

3.11 BILLING AND PAYMENT ....................................................................................... 131

3.11.1 Account received ................................................................................................... 131
3.11.2 Account criteria ...................................................................................................... 131

3.11.2.1 Clear and understandable accounts ...................................................................... 131
3.11.2.2 Correctness of account ....................................................................................... 132
3.11.2.3 Regularity of account (monthly on time) .............................................................. 133
3.11.3 Efficiency in resolving problems related to incorrect accounts .......... 134
3.11.4 Pay points used and satisfaction with payment methods .................... 135
3.11.5 Duplicate accounts ........................................................................ 136

3.12 CUSTOMER SERVICE ..................................................................... 138

3.12.1 Customer Care/Call Centre ........................................................... 138
3.12.1.1 Awareness and usage of CoT toll free number ......................... 138
3.12.1.2 Frequency of telephonic enquiries via CoT Call Centre .......... 139
3.12.1.3 Service enquiries via CoT Call Centre ...................................... 140
3.12.1.4 Satisfaction ratings with Call Centre enquiries handled .......... 142
3.12.2 Customer Care Walk-in Centres (People Centres) ...................... 144
3.12.2.1 Frequency of visiting CoT Walk-in Centres ............................ 144
3.12.2.2 Service requests and satisfaction with CoT Walk-in Centres .... 145
3.12.3 Written enquiries ........................................................................ 147
3.12.3.1 Frequency and type of written enquiries ................................. 147
3.12.3.2 Satisfaction ratings with written enquiries .............................. 149

3.13 PARTICIPATION AND COMMUNICATION .................................... 150
3.13.1 Metro consultative and participatory process ................................. 150
3.13.2 Communication modes .................................................................. 152
3.13.3 Language of CoT documents ....................................................... 155

3.14 CORRUPTION ............................................................................... 155

3.15 GOVERNMENT PRINCIPLES .......................................................... 157

3.16 CITY DEVELOPMENTS .................................................................. 159
3.16.1 Awareness of city developments .................................................. 159
3.16.2 Satisfaction with city developments .............................................. 159

3.17 GOVERNANCE/DEMOCRATIC ACCOUNTABILITY .......................... 161

3.18 CONCLUDING REMARKS .............................................................. 165

CHAPTER 4: FINDINGS OF THE BUSINESS SATISFACTION SURVEY

4.1 INTRODUCTION ............................................................................ 166
4.2 BUSINESS SAMPLE POPULATION .................................................. 166
4.3 CHALLENGES/PRIORITIES OF THE CoT ......................................................... 168
4.3.1 Level of satisfaction regarding the current performance of the CoT ........ 168
4.3.2 Change in service performance levels ....................................................... 169
4.3.3 CoT as a business investment environment ............................................. 170
4.4 BUSINESS CONSTRAINTS .......................................................................... 171
4.5 BASIC (CORE) BUSINESS SERVICES ....................................................... 172
4.5.1 Electricity ................................................................................................. 173
4.5.2 Refuse collection/waste removal .............................................................. 173
4.5.3 Neighbourhood roads ............................................................................... 174
4.5.4 Sanitation/waste water/sewerage ............................................................ 175
4.5.5 Stormwater/drainage/flooding ................................................................. 176
4.5.6 Water provision ....................................................................................... 177
4.5.7 Street/public lights .................................................................................. 178
4.5.8 Overview of business satisfaction with basic service delivery ................. 179
4.6 SERVICE TARIFFS/RATES ......................................................................... 182
4.6.1 Electricity tariffs ...................................................................................... 182
4.6.2 Property rates ......................................................................................... 183
4.6.3 Water tariffs ............................................................................................ 184
4.6.4 Refuse removal ....................................................................................... 185
4.6.5 Sanitation tariffs ..................................................................................... 185
4.6.6 Waste removal tariffs ............................................................................ 186
4.6.7 Bus tariffs ............................................................................................... 187
4.6.8 Overview of tariffs/rates .......................................................................... 188
4.7 COLLECTIVE BUSINESS SERVICES .......................................................... 188
4.7.1 Pavements/pedestrian walkways ............................................................. 191
4.7.2 Business licences .................................................................................... 192
4.7.3 Street sweeping and litter control ............................................................ 193
4.7.4 Traffic lights/signals ............................................................................... 194
4.7.5 Grass cutting .......................................................................................... 195
4.7.6 Road maintenance .................................................................................. 196
4.7.7 Overview of collective business services ............................................... 197
4.8 PUBLIC SAFETY .......................................................................................... 198
4.8.1 Safety regarding location of business ..................................................... 198
4.8.2 Safety aspect of doing business in the CoT ............................................ 199
4.8.3 Safety of workers in the workplace ....................................................... 200
4.8.4 Travelling/walking to work .................................................................... 201
4.8.5 Safety at CoT offices .............................................................................. 202
4.9 BY-LAW ENFORCEMENT AND SAFETY SERVICES ........................................... 202

4.9.1 Building control/control of illegal uses ....................................................... 202
4.9.2 Control of illegal squatting/occupation ...................................................... 203
4.9.3 Control of land invasions .......................................................................... 204
4.9.4 Control of illegal street/intersection trading ............................................. 205
4.9.5 Control of illegal dumping ....................................................................... 206
4.9.6 Control of illegal water connections ........................................................ 207
4.9.7 Control of illegal electricity connections .................................................. 208
4.9.8 Control of visual environment ................................................................... 209
4.9.9 Control of building and construction rubble ............................................. 210
4.9.10 Noise control ......................................................................................... 211
4.9.11 Traffic control ........................................................................................ 212
4.9.12 Crime prevention .................................................................................... 213
4.9.13 Overview: By-law enforcement and safety services satisfaction ............. 214

4.10 BILLING AND PAYMENT .............................................................................. 215

4.10.1 Clarity and understandability of accounts ................................................. 216
4.10.2 Correctness of accounts .......................................................................... 217
4.10.3 Regularity of accounts (monthly on time) ................................................ 218
4.10.4 Efficiency in resolving account problems ............................................... 219
4.10.5 Pay points used and satisfaction with payment methods ......................... 220
4.10.6 Duplicate accounts .................................................................................. 221

4.11 CUSTOMER SERVICES .............................................................................. 222

4.11.1 Customer Care/Call Centre ..................................................................... 223
4.11.1.1 Awareness of CoT toll free number ..................................................... 223
4.11.1.2 Usage of toll free number ................................................................... 223
4.11.1.3 Telephonic enquiries/complaints ......................................................... 224
4.11.2 Customer Care Walk-in Centres ............................................................. 227
4.11.3 Written enquiries .................................................................................... 229

4.12 COMMUNICATION ....................................................................................... 229

4.12.1 Preferred communication mode ............................................................... 229
4.12.2 Awareness and utilisation of and satisfaction with communication modes .................................................................................. 230

4.13 CORRUPTION .............................................................................................. 231

4.14 GOVERNMENT PRINCIPLES ..................................................................... 234
CHAPTER 5: FINDINGS OF THE EMBASSY SATISFACTION SURVEY

5.1 INTRODUCTION ........................................................................ 241
5.2 GENERAL PERCEPTIONS OF THE CoT ........................................ 241
5.2.1 Level of satisfaction with regard to current service delivery ......... 242
5.2.2 Change in service performance levels ........................................ 243
5.2.3 Confidence in the CoT as a city ................................................. 243
5.3 DEVELOPMENT CHALLENGES AND PRIORITIES .................. 244
5.4 SERVICE SATISFACTION RATINGS OF EMBASSIES ..................... 246
5.5 DISSATISFACTION WITH CoT ..................................................... 249
5.6 ADDITIONAL SERVICE FACETS INVESTIGATED AMONG EMBASSIES .... 250
5.7 CONCLUDING REMARKS ........................................................ 252

CHAPTER 6: QUALITATIVE RESEARCH

6.1 INTRODUCTION ........................................................................ 254
6.2 WARD 3 ................................................................................... 255
6.2.1 Introduction ........................................................................... 255
6.2.2 Core services ......................................................................... 255
