**PART D: DECLARATION**

- I declare that the information furnished on this application is true and correct.
- I accept the conditions set out in the By-laws and regulations for the control of electricity and water, as amended from time to time.
- I declare that, should any dispute whatsoever (whether or not political) arise between the Municipality and me, I will continue to pay the monthly levies in full. If a levy is in dispute owing to its abnormality, I undertake to still pay a monthly amount equal to the average of the previous three monthly accounts for the levy in question until my enquiry has been addressed.
- I accept that if the deposited amount is insufficient, the deposit will be increased to the required amount as determined by the Municipality (twice the average monthly consumption) plus additional increases if my account becomes a risk for the Municipality.
- I accept liability for any tracing costs and/or legal costs incurred owing to my default.
- I accept liability for any outstanding amounts in respect of the premises if Part A has not been completed correctly.
- I declare that I will not be exempt from settling my account, if I have not received it.
- I accept that interest, at a rate which the Municipality may determine from time to time, will be charged on all overdue amounts.
- I accept liability for consumption on the premises until the date on which the Municipality receives a notice of cancellation of services from me in writing, which notice must be received 48 hours before cancellation of service.
- I accept that the Municipality has the authority to terminate a service due to non-payment of any other charge or levy by the Municipality, irrespective of the Municipality's tariff structure for services, which can include free basic services.
- I accept that payments made by me will be allocated to outstanding balances of the various levy types on a pro rata basis.
- I accept responsibility for ensuring that meter readers have access to the meters or, alternatively, I will arrange for the Municipality to move the meters, at my own cost, to outside the premises where they can be read.
