## CHURCH SQUARE CLOSURE

17 March 2015 to end of June 2015

The City of Tshwane will remove all vehicle traffic and parking from Church Square as of Tuesday, 17 March 2015 until end June 2015. This closure is implemented to ensure a safe work environment and to assist with finishing the construction on time.

Businesses that have on-site parking will still be able to access their parking. The contractor will also allow for delivery and cash-in-transit vehicles to access the businesses that have on-site parking.

Motorists are advised to use the following alternative routes to travel past Church Square:

### From the north going south:

Motorists can turn left onto Boom Street. From Boom Street motorists can turn right into Thabo Sehume Street and then turn right onto Pretorius Street to access Paul Kruger Street again.

### From the south going north:

Motorists can turn left from Paul Kruger Street onto Pretorius Street. From Pretorius Street motorists can turn right onto Bosman Street and continue all the way up to Boom Street. There motorists can turn right onto Boom Street from where they can turn left onto Paul Kruger Street in order to exit the inner city.

Pedestrians will be able to access Church Square but will be restricted to the indicated pedestrian walkways.

The City of Tshwane thanks you for your cooperation during the construction period. We know that traffic disruptions are frustrating and we are doing our best to complete construction in the area.
