- 6.5 The annual performance appraisal will involve:

6.5.1 Assessment of the achievement of results as outlined in the performance plan:

- (a) Each KPA and its indicator(s) will be assessed according to the extent to which the specified standards or performance indicators have been met and with due regard to ad hoc tasks that had to be performed under the KPA.
- (b) An indicative rating on the five-point scale will be used for each KPA and indicator (see paragraph 6.6).

6.5.2 Assessment of the CCR's

- (a) Each applicable CCR and its indicator(s) will be assessed according to the extent to which the performance indicators and standards have been met.
- (b) An indicative rating on the five-point scale will be provided for each CCR and indicator (see paragraph 6.6).
- (c) This rating will be multiplied by the weighting given to each CCR during the contracting process, to provide a score.

6.5.3 Overall rating

An overall rating will be calculated. Such overall rating represents the outcome of the performance appraisal.

- 6.6 The assessment of the performance of the **Employee** will be based on the following rating scale for KPA's and CCRs:

Description		Rating
Outstanding performance	Performance far exceeds the standard expected of an employee at this level. The appraisal indicates that the Employee has achieved above fully effective results against all performance criteria and indicators as specified in the PA and Performance plan and maintained this in all areas of responsibility throughout the year.	5
Performance significantly above expectations	Performance is significantly higher than the standard expected in the job. The appraisal indicates that the Employee has achieved above fully effective results against more than half of the performance criteria and indicators and fully achieved all others throughout the year.	4

Description		Rating
Fully effective	Performance fully meets the standards expected in all areas of the job. The appraisal indicates that the Employee has fully achieved effective results against all significant performance criteria and indicators as specified in the PA and Performance Plan.	3
Not fully effective	Performance is below the standard required for the job in key areas. Performance meets some of the standards expected for the job. The review/assessment indicates that the employee has achieved below fully effective results against more than half the key performance criteria and indicators as specified in the PA and Performance Plan.	2
Unacceptable performance	Performance does not meet the standard expected for the job. The employee has failed to demonstrate the commitment or ability to bring performance up to the level expected in the job despite management efforts to encourage improvement.	1

6.7 Each KPI (outputs and CCR's) will be rated according to the abovementioned five-point scale. The score of each KPI is calculated as follows:

$$\text{Weight per indicator} \times \frac{\text{rate}}{3}$$

The sum of respectively all the output KPI scores and all the CCR KPI scores is converted to 80% and 20%. The sum of these two scores is used for calculating performance bonuses (see paragraph 11.2)
