“Section 43 (1) If a national or provincial organ of state in terms of a power specified in any national or provincial legislation determines the upper limits of a municipal tax or tariff, such determination takes effect for municipalities on a date specified in the determination.

The City of Tshwane adopted the 2024/25 IDP review on 06 June 2024 in terms of Section 25 of the MSA.

Section 25(1) of the MSA prescribes the following:

“A municipal council -

4. DISCUSSION

The planning and budgeting cycle of the city takes a phased approach to ensure systematic planning and budgeting and to ensure that it meets the legislative requirements. In the 2025/26 financial year, the City will continue to focus on the following in terms of the IDP and Budget process:

- Strengthening of public participation and stakeholder engagement in the City's processes through improved and focussed engagements with role players in the city to ensure as wide as possible participation in the review of the IDP;
- Confirmation, enhancement, and implementation of the development priorities set by the new administration; and
- Improve the functionality of the legislated structures in relation to planning, budgeting, and reporting process.

The following phases are identified to assist in the IDP and budget Process:

Phase	Purpose of the Phase
Phase 1: Setting the strategic planning agenda to guide the review process and to initiate engagements with stakeholders	<p>This phase of the IDP process will provide for the confirmation of the focus of the review of the adopted IDP and to initiate further programmes to enhance the implementation of the IDP through the MTREF.</p> <p>The process will also include stakeholder participation aimed at ensuring that participation from various stakeholders is received to inform the review of the IDP and the preparation of the budget for 2025/26 financial year.</p>
Phase 2: Initiate the development of programme and project specific deliverables to be included in the IDP review and budget for the 2025/26 financial year. This will guide the development of implementation plans (September-December)	Understanding of stakeholder issues identified in Phase 1, Phase 2 will be aimed at confirming the strategic agenda of the City towards the review of the IDP and preparation of the budget.
Phase 3a: Consolidation and tabling of the mid-year performance assessment and Budget Adjustment (January to February 2025)	During this phase the performance for the first six months of the financial year is assessed and reviewed. The 2024/25 annual budget adjustment proposals are considered in February 2025 for the remaining period of the financial year. This could also result in the adjustment to the 2024/25 SDBIP in accordance with the reviewed performance and adjusted budget. These processes also serve as the basis for planning for 2025/26 financial year.
Phase 3b: Development and tabling of Draft Plans for 2025/26 IDP and Budget to Council (January-March 2025)	This phase will ensure that the draft legislated and non-legislated plans for the 2025/26 financial year are developed and assessed against the City's long-term vision and the availability of financial resources. It is during this phase that the 2025/26 draft reviewed IDP and 2025/26 MTREF will be tabled to Council
Phase 4: Commenting on the Draft IDP and Budget (April 2025)	Following the tabling of the draft plans to Council in March 2025, this phase will focus on engaging stakeholders on the draft IDP and MTREF to source comments and inputs on the final proposals for the reviewed IDP
Phase 5: Finalization of the 2025/26 revised IDP and 2025/26 MTREF and Approval by Council (end of May 2025)	Following all the above processes, the final IDP for 2025/26 and 2025/26 MTREF and 2025/26 Capital Expenditure Framework (CEF) is consolidated and submitted to Council for approval.

Detail of each Phase

Phase 1: Setting the strategic planning agenda and initiate engagements with internal departments (November to December 2024). Issues raised by communities during the April-May 2024 public participation process must be taken into consideration when planning for the new financial year.

The Departments will be encouraged to focus on these issues when preparing their departmental strategic plans and identifying projects that needs to be implemented in the coming financial year.

The first phase of the IDP process will be based on the set priorities for the term. The City has adopted ten key priorities.

1. ~~Prioritise the electrical grid and water infrastructure;~~
2. Provide stringent financial management and oversight;
3. Be a business-friendly City that promotes employment and economic growth;
4. Enhance City safety, security and emergency services;
5. Maintain a clean and protected natural environment;
6. Maintain and expand road infrastructure and public transportation;
7. Be a caring City that supports the vulnerable and provides social relief;
8. Modernise and digitise City processes;
9. Provide a professional public service that drives accountability and transparency; and
10. Create a healthy and vibrant City.

The following activities need to be undertaken:

- The City Manager to convene a strategic development engagement aimed at ensuring that the strategic agenda for the term is developed, and that it guides the development of the 2025/26 IDP, MTREF and Capital Expenditure Framework (CEF)
- The needs of the community and the issues that were raised during the IDP consultation period must be taken into consideration when planning projects and budgeting for the new financial year;
- Continuous engagement with the Traditional Leaders in the municipality to discuss developmental issues in the tribal areas as well as planning within the municipal context and to carve a way for improved participation by the traditional leaders in the IDP and budget processes; and
- Intergovernmental engagement with national and provincial sector departments to engage on horizontal and vertical alignment of plans and programmes between the city and the other spheres of government.

Phase 2: Development of programme and project specific deliverables to be included in the IDP review and budget for the 2025/26 financial year (November-December 2024)

Based on the City's ten priorities and the understanding of stakeholder issues identified in Phase 1, Phase 2 will be aimed at ensuring that the strategic agenda of the City is addressed and to formulate programme and project interventions for the implementation through the IDP and budget. The following activities need to be undertaken:

- Top management drafts proposals to be included in the planning and budget processes on the review of the IDP, budget and CEF. Projects must be captured on CAPS;
- Budget Office issue 2025/26 budget indicatives to Departments, Regions and Municipal Entities to assist in drafting of the plans and its funding.

- Taking a cue from the strategic agenda setting and the issued indicatives, the departments engage in a strategic discussion to respond to the City's priorities towards the 2025/26 financial year. This will include:
 - Identifying strategic departmental programmes;
 - Prioritization of community needs;
 - Addressing service delivery backlogs;
 - Project Identification and verification;
 - Developmental interventions;
 - Review of Performance Analysis;
 - This will result in the development of draft capex projects, confirmation of priorities in the draft CEF and inform the draft SDBIP targets for the 2025/26 financial year; and
 - Agreeing on the prioritization of capital projects based on the set IDP priorities and the Metropolitan Spatial Development Framework of the City.

Phase 3a: Consolidation and tabling of the mid-year performance assessment and Budget Adjustment (January to February 2025).

This phase will ensure that performance for the first six months of the 2024/25 financial year is assessed and reviewed; and the 2024/25 adjustment budget is adjusted for the remaining period of the financial year. This will also result in the adjustment to the SDBIP in accordance with the reviewed performance and adjusted budget. These processes also serve as an input for planning for next financial year.

The following activities will be undertaken:

- Consolidation of 2024/25 adjustment budget inputs from departments
- Submission of 2024/25 Mid-Year performance review and budget adjustment report for consideration and approval;
- Initiate collation of proposed adjustments to the 2024/25 SDBIP and consultations with all internal stakeholders and subsequent approval by Council; and
- The approved 2024/25 Mid-Year Review and Adjusted Budget and the SDBIP to be submitted to National Treasury for assessment.

Phase 3b: Development and tabling of Draft Plans for 2025/26 IDP and Budget to Council (January-March 2025).

This phase will ensure that the draft legislated and non-legislated plans for the financial year are developed and assessed against the City's ten priorities and the availability of financial resources. It will focus on the following:

- Convening of the Technical Budget Steering Committee (TBSC) to assess the departmental submission on the proposed plans and budgets for 2025/26. The Committee is established by the City Manager and supported by Group Financial Services, office of the Chief Operations Officer, City Strategies and Organizational Performance and Economic Development and Spatial Planning in evaluating and scrutinizing the proposed projects contained in the Draft 2025/26 budget;
- Following the TBSC, a Mayoral Budget Steering Committee session to be convened by the Executive Mayor in February to engage with recommendations of the Technical Budget Steering Committee and to confirm final strategic focus areas and budget proposals for 2025/26 financial year;

- Engagement of provincial and national departments on their final plans and programmes for implementation in the city for the 2025/26 financial year to ensure that these are part of the integrated development plans of the City;
- Finalise the development of a draft 2025/26 reviewed IDP and 2025/26 MTREF; and
- The draft 2025/26 IDP including draft 2025/26 MTREF (and CAPEX budget), and tariffs will be tabled at Mayoral Committee and Council for public and stakeholder consultations, comment, and inputs.

Phase 4: Commenting on the Draft reviewed IDP and 2025/26 Budget (April 2025)

Following the tabling of the draft plans to Council in March 2025, the phase will focus on engaging stakeholders on the draft reviewed IDP and MTREF. The following activities will be undertaken:

- The draft reviewed IDP and budget will be publicized as per the legislative requirements;
- The draft reviewed IDP and Budget will be submitted to the Gauteng MEC: Cooperative Government and Traditional Affairs and to National Treasury for comment
- Engagement with National Treasury on the Draft reviewed IDP, MTREF and CEF (Benchmarking); and
- Development of the first draft of Departmental and Municipal Entities' business plans.

Departmental and Municipal Entities' business plans will be presented for political and technical input.

During the month of April, a series of IDP and budget consultation sessions will be convened to solicit input towards the finalization of the reviewed IDP, Budget and Tariffs. The consultation process will include stakeholder engagements with organised and un-organised groupings as well as the traditional leadership in the City.

Phase 5: Finalization of the 2025/26 revised IDP and 2025/26 MTREF, CEF and Approval by Council (end of May 202).

- Based on comments received in phase 4, the revised IDP, MTREF and CEF will be finalized and considered by MayCo;

Section 23 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000) (hereafter referred to as the "MSA") provides that, a municipality must undertake developmentally-oriented planning so as to ensure that it strives to achieve objects of local government set out in section 152 of the constitution and gives effect to its developmental duties as required by section 153 of the constitution of the Republic of South Africa, 1996 (hereafter referred to as the Constitution).

6. IMPLICATIONS

6.1 HUMAN RESOURCES

The City needs to ensure the availability of resources that will ensure that the process as outlined in this report is adhered to and managed according to the legal requirements. These resources need to be mobilised across departments and entities of the city with consideration to financial and human resources.

6.2 FINANCES

The IDP and budget has operational costs associated with managing the process. Further, proposals developed by departments, entities and the City will have financial implications. Clear articulation of the proposed plans is thus crucial to understand the City's exposure based on the proposed plans, programmes, and projects.

6.3 CONSTITUTIONAL AND LEGAL FACTORS

Municipal Systems Act, 32 of 2000 (MSA):

Section 28 (1) of the MSA stipulates that a municipality must adopt a process set out in writing to guide the planning, drafting, adoption, and review of its Integrated Development Plan including the consultation of the local communities on the intended process to be followed.

Section 29 of the MSA further requires the IDP process plan to provide for:

- A programme which specifies the timeframe of the planning steps for the drafting and adoption of an IDP;
- Appropriate mechanisms, processes and procedures for consultation and participation including the role of traditional authorities; and
- The identification of all plans and planning requirements binding on the municipality in terms of national and provincial legislation.

The Spatial Planning and Land Use Management Act, 2013 stipulates in terms of Chapter 4 that municipal Spatial Development Framework:

"12(6) must outline specific arrangements for prioritizing, mobilizing, sequencing, and implementing public and private infrastructural and land development in priority spatial structuring areas identified in a spatial development framework.

21(n) determine a capital expenditure framework for the municipality's development programmes, depicted spatially; and

21(p)(i) include an implementation plan comprising of sectoral requirements, including budgets and resource allocation."

The Division of Revenue Act, Act 10 of 2014 (DORA) further outlines the capital budget formulation for the preparation of the Capital Expenditure Framework (CEF) for grant application and alignment. The revised DORA framework provisions for 2025/26 will further guide the city's budget formulation.

In developing this Process plan for 2025/26, consideration is taken to consider other legal requirements in relation to the approval of the IDP, SDBIP and budget.
