## 6. COMMENTS FROM DEPARTMENTS

### 6.1 THE GROUP LEGAL COUNSEL

(Unaltered)

This report provides progress on the financial performance of the City of Tshwane against the budget for the period ended 31 December 2018, in compliance with section 52(d), 71 and 72 of the Municipal Finance Management Act (MFMA).

Section 11(3) (a) (k) and (n) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) (hereafter referred to as the “MSA”) provides that, a municipality exercises its legislative or executive authority by developing and adopting policies, plans, strategies and programmes, including setting targets for delivery, establishing and implementing performance management systems and also by doing anything else within its legislative and executive competence.

In terms of Section 71 (1) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (hereafter referred to as “MFMA”), the accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality’s budget reflecting all the required particulars for that month and for the financial year up to the end of that month.

This report is in compliance with the provisions of Regulation 13 of the Local Government: Municipal Planning and Performance Management Regulations, 2001 published in terms of the “MSA” and the Performance Management Policy and Procedure developed by the City of Tshwane (dated 28 August 2008), whereby the purpose of reporting or giving feedback is to assist in monitoring, which aims to provide Managers, decision-makers and other stakeholders with a regular feedback on the progress made with implementation so that corrective measures may be put in place, where necessary.

Having taken regard to the aforesaid and with specific reference to the contents of the report, the **Group Legal and Secretariat Services Department** supports the approval of the report and the recommendations.

### 6.2 THE CHIEF FINANCIAL OFFICER

(Unaltered)

Cognisance is taken of the contents of the report.

There are no financial implications emanating as a result of this report for the City of Tshwane as the purpose of this report is to provide progress on the financial performance of the City of Tshwane against the budget for the period ended 31 December 2018, in compliance with section 71 and 72 of the Municipal Finance Management Act (MFMA).

This report incorporates information on the City of Tshwane's financial status for the period ended 31 December 2018. When the executive mayor receives the statement or report submitted by the accounting officer in terms of section 71 of the MFMA, the executive mayor is obliged to take certain steps regarding "budgetary control and early identification of financial problems", as required in terms of section 54 of the MFMA. Furthermore, the accounting officer must, in writing, report to the municipal council the impending shortfalls, overspending and overdrafts in terms of section 70 of the MFMA.

## 7.3 CONSTITUTIONAL AND LEGAL FACTORS

This report must be approved in compliance with legislative requirements – section 71 of the MFMA and National Treasury Regulation GG 32141 of 17 April 2009.

## 7.4 COMMUNICATION

In compliance with legislative requirements (section 71 of the MFMA), this document is provided to all stakeholders by placing it on the City of Tshwane's public website.

## 7.5 PREVIOUS MAYORAL COMMITTEE RESOLUTIONS

There are no previous Mayoral Committee resolutions relevant to this report.

## 8. COMPLIANCE WITH MUNICIPAL STANDARD CHART OF ACCOUNTS (mSCOA)

The primary objective of the mSCOA regulation is to achieve uniformity across all local governments (municipalities and municipal entities). All municipalities were expected to transact in line with the seven mSCOA segments from 1 July 2017.

The City does not have an mSCOA system for transacting; however, the City is still required to submit financial information to the National Treasury in terms of the seven mSCOA segments, and the project team is currently developing an interim reporting solution. The month-06 mSCOA data strings will be submitted to the National Treasury on 15 January 2019.

## 9. CONCLUSION

This report meets the MFMA requirement for the Executive Mayor to receive a section 71 "monthly budget statement" within ten working days after the end of the month and compliance with sections 52(d), 71 and 72 of the MFMA.

### Mid-term budget and performance and assessment

In terms of section 72 of the MFMA, the accounting officer of a municipality must by 25 January of each year assess the performance of the municipality during the first half of the financial year and as part of the review –

- (a) make recommendations as to whether an adjustment budget is necessary; and
- (b) recommend revised projections for revenue and expenditure to the extent that this may be necessary.

Taking into account the mid-term performance as discussed above, the adjustment budget is necessary mainly for the following:

- To address the impending shortfall on the services charges revenue
- To address possible overspending in certain line items
- To appropriate roll-over grants that were approved during the financial year
- To appropriate additional grant funding that have been received
- To adjust expenditure in line with anticipated revenue to be realised
- To correct budget and mapping errors that occurred during the annual budget process

The operating revenue that was realised, excluding capital transfers and contributions, reflects a favourable variance of R188 million against the YTD budget for the period ended 31 December 2018.

However, the following revenue sources are under budget:

- Service charges: Water (R149 million unfavourable) and sanitation (R9 million unfavourable): The budget for water is based on statistical trends and is demand-driven. Estimating accounts instead of capturing actual readings also contributes to the under-recovery.
  - The total kilolitres sold as at December 2018 is 99 849 731 against purchases of 179 884 154 kilolitres. In the previous year, the total kilolitres sold was at 102 761 891 against purchases of 144 062 345 kilolitres.
  - The proposed water revenue reduction is R319 million and R1,7 million for sanitation.
- Rental of facilities and equipment (R32 million unfavourable): Mainly on housing and business rental. The lease for rental of business facilities has expired. A lease renewal report is awaiting approval to regulate the expired agreements. The proposed revenue reduction is R21 million.
- Fines, penalties and forfeits (R8,6 million unfavourable): Under-recovery is mainly on AARTO and towing revenue.
- Licences and permits (R6,7 million unfavourable): Due to under-recovery, mainly on driver's licences. The proposed revenue reduction is R5 million.
- Other revenue (R157 million unfavourable): Mainly due to under-recovery on the following items:
  - VAT correction (R35 million under budget): Due to the delay in the appointment of the service provider. The tender document has been finalised and will be submitted to Bid Specification Committee (BSC). The income will only be realised when the service provider has identified additional income, around April 2019. The proposed revenue reduction is R3,7 million due to the changes in legislation on VAT claimable, which has been reduced by 5,31%.

- Township development contributions on rezoning (R29 million under budget) and electricity (R20 million under budget): Revenue is dependent on the number of applications received, paid for and accepted by the client.
- Reminder fees (R23 million under budget): Delay in loading fees on SAP system after delivery of reminder notice.
- Market fees (R6 million under budget): Revenue lower than projected.
- Sundry fees (R29 million under-recovery): Due to incorrect budget allocation from SWA. The allocation will be corrected during the adjustment budget.

The operating expenditure is underspent by R2,3 billion, which is 13% less than the YTD expenditure projection.

The total capital budget allocation amounts to R4 billion. The expenditure for the period, including that of the municipal entities, amounts to R893 million, which represents 22% spending against the total approved budget.

Departments must put measures in place to improve revenue and accelerate spending on budgeted operational and capital expenditure, in particular conditional grants funding.

The YTD actual revenue amounts to R16,7 billion and reflects a favourable variance of R188 million against the YTD budget.

The YTD variance on revenue is mainly due to the following items:

- Property rates (R16,5 million unfavourable): Due to properties that were not interfaced with SAP billing system during the festive holidays.
- Service charges: Electricity revenue (R101 million favourable): The demand for electricity increased above the projection.
- Service charges: Water (R149 million unfavourable) and sanitation (R9 million unfavourable): The budget for water is based on statistical trends and is

demand-driven. Estimating accounts instead of capturing actual readings contributes to the under-recovery. The tariff between Rand Water and the City of Tshwane system must be aligned.

The total kilolitres sold as at December 2018 is 99 849 731 against purchases of 179 884 154 kilolitres. In the previous year, the total kilolitres sold was at 102 761 891 against purchases of 144 062 345 kilolitres. The proposed water revenue reduction is R319 million and R1,7 million for sanitation.

- Service charges: Refuse (R73,7 million favourable): Mainly on solid waste removal and landfill sites; actual income received was higher than the projected figures.
- Rental facilities and equipment (R32,4 million unfavourable): Due to expiry of leases for rental: business. The lease for rental of business facilities has expired. A lease renewal report is awaiting approval to regulate the expired agreements. The proposed revenue reduction is R21 million.
- Interest earned on external investments (R49,5 million favourable): Interest was higher due to positive cash and investment.
- Interest earned on outstanding debtors (R161,5 million favourable): As a result of an increase in outstanding debtors.
- Fines, penalties and forfeits (R8,6 million unfavourable): Under-recovery is mainly on AARTO and towing revenue. The under-recovery on AARTO revenue is due to the delay in calibration of speed cameras; the cameras were deployed in August 2018.
- Licences and permits (R6,7 million unfavourable): Due to under-recovery, mainly on driver's licences. The proposed revenue reduction is R5 million.
- Transfers and subsidies (R182 million favourable): Mainly due to the transfer of the equitable share.
- Other revenue (R157 million unfavourable): Mainly due to under-recovery on the following line items:
  - Reminder fees (R23 million under recovery): Delay in loading fees on SAP system after delivery of reminder notice.
  - VAT correction: Direct income (R35 million under recovery): Due to the delay in the appointment of the service provider. The tender document has been finalised and will be submitted to Bid Specification Committee (BSC). The income will only be realised when the service provider has identified additional income, around April 2019.
  - Township development contributions - rezoning (R29 million under recovery) and on electricity (R20 million under recovery): Revenue is dependent on the number of applications received, paid for and accepted by clients.
  - Sundry fees (R29 million under recovery): Due to incorrect budget allocation from SWA. The allocation will be corrected during the adjustment budget.

The YTD actual expenditure amounts to R15,3 billion and indicates an underspending variance of R2,3 billion or 13% against the YTD budget of R17,6 billion.

The YTD variance on the expenditure against the YTD budget is mainly on the following items:

- Employee-related costs (R679 million under budget): Mainly on salaries, service bonuses, and pension and provident funds.
- Depreciation (R244 million under budget): The calculation is aligned with the asset verification and purification process.
- Finance charges (R260 million under budget): Mainly on the interest on long-term loans. Interests ceded to the redemption fund are managed by the external fund managers; interest is paid only when it is due.
- Bulk purchases (R13 million under budget): The bulk electricity invoices from Eskom for December 2018 have not yet been processed for payment. The invoices will be processed in January 2019. The projections will be aligned during the adjustment budget.
- Other materials (R221 million under budget): Underspending mainly on the following line items:
  - Consumables (R9 million under budget): Awaiting invoices from the service provider for chemicals ordered.
  - Pump station (R21 million under budget): Expenditure is expected to increase in the third quarter. Consumables are purchased as and when required.
  - Water: Magalies Water (R45 million under budget): Funds are committed for payment of Magalies Water. The service entries for the monthly invoices have been done.
  - Electricity reticulation (R18 million under budget): A new tender is in process; spending will improve once the service provider is appointed.
  - Equipment (R14 million under budget): Repair and maintenance are done only when required.
  - Lights (R12 million under budget): A new tender is in process; spending will improve once the service provider is appointed.
  - Vehicles (R22 million under budget): Vehicles are only repaired when required.
- Contracted services (R667 million under budget): Due to underspending, mainly on the following:
  - Watchman services (R45 million under budget): The contract ended on 30 March 2018. The new tender has been submitted to the Bid Evaluation Committee.
  - Consultant: Civil engineering (R24 million under budget): The current contract has expired. The new tender closed on 30 July 2018. The appointment of a new service provider is awaited.
  - Household refuse removal (R33 million under budget): Funds are committed; expenditure will increase in the following months.
  - Municipal services: Other service providers (R52 million under budget): Funds have been committed for the payment of municipal services. The funds are mainly for the payment of electricity services by Eskom and for waste water treatment works and water reservoirs supplied to the following areas: Ekangala, Klipgat, Themba and Babelegi Waste Water Treatment Works.
  - Internal audit (R24 million under budget): Delays in the appointment of service providers and funds have been committed to and work is being carried out on all co-sourced assignments.

- Buildings (R27 million under budget): Service providers have been appointed; expenditure is expected to increase in Quarter 3 of the financial year.
  - Grounds (R29 million under budget): Due to the delay in approval of the tender for grass cutting.
  - Roads (R31 million under budget): The tender has been awarded and expenditure is expected to increase in the third quarter.
  - Waste water purification works (R34 million under budget): Due to late appointment of service providers. Tenders are still to be adjudicated and service providers to be appointed.
- Transfers and subsidies (R31 million under budget): Due to underspending on gratuities and payment to municipal entities.
  - Other expenditure (R180 million under budget): Mainly on the following line items:
    - Leased vehicles (R67 million under budget): The contract value has been exceeded on the current tender; waiting for Supply Chain Management to uplift the cap of the contract.
    - Wi-Fi (R24 million under budget): The service provider was only appointed in August 2018. Expenditure is expected in the third quarter.
    - Bulk water purchase, own plant (R20 million under budget): The full budget is committed. Expenditure is expected to increase in the next following months.

The reasons for the variances for all sources or groups are captured in Table SC1 of this report.
