For the reporting period ended 28 February 2018, the ten working days within which to report ends on 14 March 2018.

The operating expenditure is underspent by R711,9 million, which is 4% less than the YTD expenditure projection.

- Property rates: R25 million
- Service charges electricity revenue: R3 million
- Rental of facilities and equipment: R3,5 million
- Fines: R24,6 million
- Other revenue line items: R54 million

The following departments indicate projected overspending on the year-to-date budget.

- Tshwane Metro Police Department
- Regional Operations and Coordination Department

There is also a possibility of overspending on Employee-Related Costs. It is important that measures be put in place to manage expenditure within budget

5. INTERDEPARTMENTAL AND CLUSTER IMPACT

The Mayoral Committee will be provided with a Monthly Financial Management Report that contains comprehensive detail on the variance against the budget.

6. COMMENTS OF THE GROUP LEGAL COUNSEL

Note is taken of the purpose and contents of the report for purposes of these comments. It transpires from the report that it complies with the requirements of Section 71 of the MFMA, with reference to the prescribed reporting responsibilities of the executive mayor and accounting officer as expounded in the report. In view of the above, the recommendations are supported for consideration and further action by the accounting officer in terms of Section 70 (1) (a) and (b) of the MFMA.

7. IMPLICATIONS

7.1 HUMAN RESOURCE IMPLICATIONS

There are no human resource implications for the purposes of this report.

7.2 FINANCIAL IMPLICATIONS

(Budget and value for money)

This report incorporates information on the City of Tshwane's financial status for the period ended 28 February 2018. When the Executive Mayor receives the statement or report submitted by the Accounting Officer in terms of Section 71 of the MFMA, the Executive Mayor is obliged to take certain steps regarding "budgetary control and early identification of financial problems", as required in terms of Section 54 of the MFMA. Furthermore, the Accounting Officer must, in writing, report to the Municipal Council the impending shortfalls, overspending and overdrafts in terms of Section 70 of the MFMA.

7.3 CONSTITUTIONAL AND LEGAL FACTORS

This report must be approved, in compliance with legislative requirements (Section 52(d) and 71 of the MFMA, and National Treasury Regulation GG 32141 of 17 April 2009).

7.4 COMMUNICATION IMPLICATIONS

In compliance with legislative requirements (Section 71 of the MFMA), this document is provided to all stakeholders by placing it on the City of Tshwane public website.

7.5 PREVIOUS MAYORAL COMMITTEE RESOLUTIONS

There are no previous Mayoral Committee resolutions relevant to this report

8. COMPLIANCE WITH MUNICIPAL STANDARD CHART OF ACCOUNTS (mSCOA)

The primary objective of the mSCOA regulation is to achieve uniformity across all local governments (municipalities and municipal entities). All municipalities are expected to transact in line with the seven mSCOA segments from 1 July 2017.

The City was not mSCOA-ready by 1 July 2017, due to challenges and delays encountered on the project, which included the following:

- System landscape optimisation and a functional solution to enable the effective migration of the City's data
- Completion of all test cycles, including mock migrations
- Completion of end-user training
- Infrastructure readiness and disaster recovery. Significant progress has been made, as procurement of the required infrastructure is complete and commissioning is in progress
- Completion of migration or de-establishment of all entities
- Completion of integration and rationalisation of non-SAP systems.

However, the City is still required to submit financial information to the National Treasury in terms of the seven mSCOA segments, and the project team has developed an interim reporting solution. All monthly mSCOA data strings have been submitted to the National Treasury, and the month-8 data string will be submitted on 14 March 2018.

9. CONCLUSION

This report meets the MFMA requirement for the Executive Mayor to receive a Section 71 "monthly budget statement" within ten working days after the end of the month.

The operating revenue realised, excluding capital transfers and contributions to the City of Tshwane, reflects a favourable variance of R572,6 million against the year-to-date (YTD) budget for the period ended 28 February 2018.

The operating expenditure is underspent by R711,9 million, which is 4% less than the YTD expenditure projection.

The total capital adjustment budget allocation amounts to R3,8 billion. The expenditure for the period including the entities amounts to R1,1 billion, representing 29% spending against the total adjustment budget.

Departments must put measures in place to accelerate spending on budgeted capital expenditure, in particular on conditional grants funding.
